Summary

Your Taycan Configuration

Base MSRP	\$90,900
Price for Equipment	\$27,670
Delivery, Processing and Handling Fee	\$1,650

Total MSRP*	\$120,220
--------------------	------------------

*All information is subject to change without notice. Neither Porsche Cars North America, Inc. nor the manufacturer can accept liability arising from the use of any information contained herein. Only an actual invoice issued by PCNA at the time a vehicle is sold to an authorized Porsche Center may be used as an official indication of equipment and pricing. The Total Manufacturers Suggested Retail Price (MSRP) shown excludes taxes, title, registration, other optional or regionally required equipment, and dealer charges. The price and availability of Individually Commissioned Equipment (CXX) can be determined only after review and analysis by the manufacturer. Actual selling prices are set by dealers and may vary.

The Porsche Financial Services, Inc. payment estimator tool helps you estimate the payment for finance or lease transactions for new vehicles based on the variables you enter into the tool. Payment samples are illustrative only. This is not an offer of sale or lease, extension of credit or a commitment to offer financing. Estimates may include certain tax credits or rebates. Actual finance or lease pricing will be based on the final negotiated price and terms agreed upon by you and your U.S. authorized Porsche Center. Terms offered by Porsche Financial Services change frequently and the terms you enter may not be available at the time you finance or lease your Porsche vehicle. Financing and leasing rates will vary based on creditworthiness, and not all applicants will qualify. The sample estimates exclude any title, taxes, registration, license fees, insurance, excess mileage charges, Tequipment accessories, maintenance and/or dealer fees. No security deposit is required. Please see your U.S. authorized Porsche Center to help you determine the selling price, your actual payment, terms and any special offers.

Information for our customers:

While we strive for accurate configurator visualizations, there are some options that may not be rendering accurately at this time. We are working on this, but in the meantime, we recommend consulting with your Porsche Center for the final details. Thank you!
